

What to Do in the Event of an Auto Accident

YOUR POST-ACCIDENT CHECKLIST

There's nothing that can throw you for a loop out on the road faster than an accident. Though as stressful as it can be, a little calm and preparation immediately after can save you a lot of trouble down the line. Follow this brief checklist to get through your accident as painlessly as possible.

✓ TAKE CARE OF YOURSELF.

A personal inventory is of the utmost importance. Be sure to check for injuries **before** attempting to move forward.

✓ MOVE YOUR CAR OUT OF TRAFFIC.

Flash your hazard lights so others know to be careful. If you have flares handy, those are a great help, too.

✓ **EXCHANGE INFORMATION WITH THE OTHER DRIVER.**

Name, phone number, and address first.
Then insurance company, policy number, driver's license number, and plate number.

✓ **CALL 911.**

Filing a report **now** will speed up your insurance claim later.

✓ **CALL YOUR INSURANCE COMPANY.**

Be sure to give them as detailed of a report as you possibly can. This is bound to **save you some trouble.**

✓ **TAKE PHOTOS AND NOTES.**

You'll need these as evidence when working with your claims adjuster. Take plenty.
You can never have too many!

✓ **CONTACT YOUR MECHANIC.**

When all is said and done, you're going to need to get that car back on the road. Contact your mechanic to set up repairs **as soon as you're ready.**
